

Kick off the New Year with an affordable color printer

Introducing the new Konica Minolta bizhub C30P

\$49.00 PER MONTH

60-MONTH LEASE **AND** SPECIAL MAINTENANCE
PRICING THAT INCLUDES TONER!

The Power of Color

The bizhub C30P keeps work flowing with 31 ppm output speed in color, 37 ppm in B&W, and a robust monthly duty cycle of 120,000 prints. It also provides special features you'd expect to find only on office systems costing far more — including built-in print control, advanced job handling capabilities, banner printing (8-1/2" x 47-1/4") and standard duplexing. You'll have an auto stapling option, paper tray options that raise paper capacity to 1,600 sheets, and an optional 40 GB hard drive that adds enhanced security and convenience functions

The bizhub C30P...

- Lets you make direct photo prints on glossy stock, allows you to print from USB Flash devices, and enables PDF, JPEG and TIFF files to be printed without opening applications programs.
- Flexible networking and cross-platform versatility for interface with PC, Macintosh or Linux environments
- Built-in Emperon Print System with standard PostScript 3 and PCL 6 -- compatible with PC, Macintosh and Linux systems
- 9600 x 600 equivalent dpi resolution, spectacular Photo ART Contone imaging and Simitri® HD Color Polymerized Toner for superior halftones, extra-sharp text and fine-line detail.
- 512 MB DDR SDRAM (1,024 Max), optional 40 GB HDD, standard duplexing and a host of advanced print features.
- Direct camera photo printing up to 8-1/2" x 11" on glossy paper; direct printing from USB Flash drives when the optional hard drive or compact flash card is installed
