

Kick off the New Year with a new Super-Productive Office Manager

The next generation with high-definition Simitri toner
Konica Minolta bizhub C550

\$230 PER MONTH

LIMITED TIME LEASING OFFER
FOR BASE SYSTEM

**Color Solution
to Transform
your Workflow**

It starts with a better way to handle all your information -- input and output, sharing and distribution. The new Konica Minolta **bizhub™ C550** is designed to do it all with a new look, style and simplicity.

Fast, compact and affordable, the bizhub C550 can transform your workflow with spectacular 45 ppm color output for high-impact communications, 55 ppm speed and economy for everyday document needs. Its bold new design looks great anywhere, even in the center of your office — and its unique InfoLine visualizes the flow of information in and out of your device, tracking device status and alerting you to error conditions even from across the room.

Base system includes...

- Auto Reversing Document Feeder
- Duplexing
- Four Paper Drawers
- By-Pass
- Emperon PS & PCL Print Controller
- 1,024 MB Standard Memory
- 60GB Hard Drive.

The built-in Emperon™ Print System provides integrated print/scan control right out of the box, with lightning-fast scanning at up to 70 originals per minute and flexible scan destinations to bring information into your system faster.

Enhanced security, modular finishing options, high-speed optional fax capabilities and powerful PageScope® software gives you more ways to transform your workflow. This bizhub can change everything — even the way you do business.
